

PENN STUDENT GOVERNMENT
PRESENTS:

Penn Student Government Public Service Fellowship

What is it? - A fellowship for Penn students to apply to for funding their public service internships

Who can apply? - Any freshman, sophomore, or junior is eligible to apply. All you need is a passion for public service and a willingness to help transform Penn's culture

How much funding is there? - We're looking to fund around 15-20 internships, each up to \$5,000. That means that if you're internship pays \$1,000, we'll cover another \$4,000 for the summer.

Where can I go to learn more? - Head over to the CURF (Center for Undergraduate Research and Fellowships) website and search for us!
